NO. 45.

## CONSTRUCTION A CERTAINTY

Announcement Made by C. E. James and J. C. Guild to that Effect.

### CHATTANOOGA-TENNESSEE POWER CO. ORGANISED

A Current of 36,000 Horse Power Will Be Produced and the Plant Will Be Completed in Twelve Months.

CHATTANOOGA, Tenn., May 30.—The final details regarding the organization of the Chattanooga-Tennessee Power Co. have been made by the promoters Messrs. C. E. James and J. C. Guild and work on the dam will be commenced within sixty days, and it is proposed to complete it in twelve months, if everything goes favorable.

The lock and dam will cost \$1,180,000. The locks will be placed on the west side of the river while the power plant will be on the east or this the Chattanooga side of the river. The amount of current calculated for transmission to Chattanooga is estimated at 32,000 horse

power average for year, and it will be transmitted over copper cables twelve miles long to that city. Calculating losses the actual amount of horse power is estimated at 28,000 horse power, second only to Niagara.

The completion of the dam will give 44 miles of slack water to Chattanooga, and will be a great aid in the navigation of the river. Thus the utilization of the river as a water route is increased, and Chattanooga gets the benefit of power at less than half the cost of steam. The price of power will be made as low as possible, and manufacturers are eagerly awaiting the completion of the power plant.

The movement for the harnessing of the river for power purposes was started in 1900, from a favorable report on the subject made by D. C. Kingman, who was in charge of river improvements for the government at the time. In January of last year Congressman Moon introduced a bill providing for the erection of the dam by the city of Chattanooga, which failed to take it up within the prescribed time, and the right devolved on the original promoters, Messrs. James and Guild.

### Shot in Leg.

Clyde Baumgartner was shot in leg by an unknown party Monday night, while coming down the mountain road at Whitwell. His injuries are not serious.

### VIOLENT STORM.

#### Overturms Trees and Makes Things Look Ominous.

A violent storm of rain, hail and wind struck this place very suddenly Monday afternoon and blew things around pretty vigorously. Several fine shade trees were blown down among them being one of the two beautiful walnuts in front of the Town Hall, which is greatly regretted by the citizens.

The storm lasted only a few minutes but was very violent in character. The occupants of the Hotel Marion were seriously alarmed for the safety of the building. Small buildings belonging to I. N. Knox were blown down, a porch on his house blown off. A large tree was laid across the Coppinger Cove road near the Knox place.

A freak of the storm was the carrying of the debris from the recent trimming of the trees across the railroad tracks, a distance of nearly 200 yards.

### Dying of Famine.

is, in its torments, like dying of consumption. The progress of Consumption is from the beginning to the very end, is a long torture, both to victims and friends. "When I had consumption in its first stage," writes Wm. Myers of Caracas, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which promptly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively cures pneumonia. Guaranteed at Whitwell Drug Co., Whitwell, and S. L. Ketter, Victoria. Price 50c and \$1.00 a bottle. Trial bottle free.

### Beat South Pittsburg.

BRIDGEPORT, Ala., May 27.—Lusk's Kids played South Pittsburg today and won by a score of 6 to 3.

### UNION VS. NON-UNION.

What is Union? Union is a body of men united in one fraternity for the betterment of all. Now what is non-union? It is an individual that believes he possesses strength within himself, and he is for self only. He boasts of his liberty, and brags that he is only exerting the freedom granted him by the Declaration of Independence. Now we will see how that great liberty was brought about. Was it brought about by non-union men? No, never. They were united in one body for one purpose, "Independence," or as Patrick Henry said, "Give me liberty, or give me death." Did they use conspiracy to carry their points? You can call it what you may, they disguised themselves as Indians and went on board the tea ships and threw the tea into the ocean. Were they Union men? Indeed they were.

Would Washington have even gained a victory with non-union men? No, never. Could the U. S. have ever whipped Spain with non-union men? No, they had to be organized. Now you say you don't believe in union, and yet claim to be a citizen of the U. S. Let us see what non-union was called in Washington's time. They were called Tories, and they were opposed to progress. These men resisted Washington because they did not want any union. They were the progenitors of the race to-day that is opposed to union, for they believed in non-union.

All this now about non-union principles is bosh, for there are no principles about it, and never were from the beginning of creation. For the Bible says "In unity there is strength." There never was a great achievement gained for the blessing of mankind by non-union. Have union men a principle? When we hear the words of Patrick Henry or the name of Washington and their daring deeds we are ready to throw our hats in the air and shout the names of those great heroes. But if a union man to-day proclaims the sentiments of those great men the cry is raised of "anarchist! anarchist!" Who cries these words? The same people that cried them in Washington's time.

But does the Union of to-day try to gain their great achievements as our forefathers did? No, they try to gain them on peaceable terms by conciliation, arbitration or persuasion. When do we strike? When our liberty is denied us. See the inconsistency of the corporations. They reserve the right to belong to the union of their craft, and yet deny us that right. Why do they deny us that privilege. Because if we are unorganized they can tax us without representation, and we as American citizens claim it is unjust and should not be tolerated by liberty loving citizens. Why can we better ourselves by organizing? Because we believe two heads are better than one head, if one is a sheep's head, or for this reason that a large per cent. of laboring people have but little business qualifications and by being organized we can send our most talented men to transact our business and thereby protect our craft from being swamped by the deluge of corporated greed. Now, who protects non-union labor. Is it the corporations? Not much. It is the union for if the union was away they would be worse than slaves. Why do we refuse to associate with non-union labor? Because we believe a man who is too selfish to pay his share of the expenses incurred in securing the benefits he enjoys is not a fit associate for the man whose toll and sacrifice have brought about the benefits.

### Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as an attack of the cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Tenn.: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors, but they did him no good, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

### MILITARY BOUNTY LAND WARRANTS.

Wanted:—Will pay \$5.00 for telling me who has one whether I buy it or not. R. K. KELLEY, Kansas City, Mo.

### CASTORIA

For Infants and Children. The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

## Machinery Repairs

CASTINGS of All Kinds Promptly Supplied

Why send your work out of the valley when it can be done cheaper at home? Help build up your own section.

MARKET PRICE PAID FOR CAST IRON SCRAP. CORRESPONDENCE SOLICITED.

### Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever used. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

## Sweet Potato Plants

I am now ready to furnish the following varieties of Sweet Potatoe Plants at \$1.00 per 1,000: Southern Queens, Yellow Yams, Red Bermudas, Yellow Jerseys.

J. M. LEWIS,  
JASPER, TENN.

### CURES OLD SORES.

Westmoreland, Kan., May 5, 1902. Balar's Snow Lintment Co.: Your Snow Lintment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Lintment which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Mifflin Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by Sequachee Supply Store.
